TextMyGov Announcement

The Duval County Elections Office is thrilled to introduce TextMyGov, a convenient and smart text messaging service! This service will enable residents to effortlessly receive important notifications and easily find specific information by texting the Elections Office.

The Elections Office will officially launch the new text messaging system to the public on **[12/September/2025]**. Residents may receive a text message from **80946** from the Elections Office initiating the service. Residents have the option to opt-out at any time by texting **STOP**.

If you don't receive the initial message, you can choose to opt-in by texting the keyword **"DUVALVOTERS"** to the number **80946**. After sending the initial keyword, you will be asked to reply **"YES"** to confirm opt-in. Residents may receive notifications for **Order Of Elections, Polling locations**, etc.

Also starting soon, residents will be able to receive on-demand information 24/7 by texting 1-2 keywords to the Elections Office's TextMyGov number, **(361) 366-4448**. You'll be able to get quick information about **Ballots, Contact info, Early Voting, and other Elections Office information**.

You will also receive a contact card for the Elections Office's two-way texting number. Save this to your phone and text it to find information and report issues. Even though this card is sent from the number **80946**, the number you are saving is **(361) 366-4448**.

The Elections Office's use of this technology is an example of our efforts to enhance resident services by implementing 21st-century solutions. We're excited about this new way of communicating with residents and look forward to sharing important Elections Office notifications. Other governmental entities across the country are utilizing this system with great success. Stay informed, stay ahead.

Sincerely,

Bobby J Gonzalez
Duval Elections Admin.
